Location	Remarks
Monte Nanos area	New fortifications of reinforced concrete with trenches and machine-gun and artillery emplacements along line from a point southwest of former Italian barracks south of Vipacco to a point east of Gradische di Vipacco. Line will be provided with seven batteries in which willbe included 28 Russian guns. These have already arrived. Munitions depot for these batteries is temporarily in the former supply depot of the Italian Army located a little north of the Junction which leads to Mance from Vipacco.
Monte Turs (Four kilometers southeast of Vipacco)	Emplacements of reinforced concrete are being constructed for AA/MG's. Workers are German PW's and volunteers from Yugoslav Youth Movement. Yugoslav army engineers are directing the work.
Vipacco. 600 meters southwest of the former Italian munitions depot.	New powder magazine of reinforced concrete under construction.
Monte Re, direction of Prevallo	Construction being carried out AA/machine gun emplacements and artillery emplacements are being constructed for 149-mm. Italian type, 12 cannon. (3 batteries).
Monte Urabice, West of State Highway 37, south of San Vito di Vipacco, 400 meter altitude.	Military observation point to be constructed beginning February 1947.
Selva di Ciro	Fortifications extending 8 kilometers to Vodizze, where former German fortifications are located.
Montenero d'Idria	Fortifications extending to Chiesetta Canidol and Montenero are projected by Russian engineers with cooperation of Yugoslav engineers.
